—A reporter named Zechandler, who used to be in Virginia, is now on the Examiner's staff. Recently the doors were closed in the Hinkle divorce case in San Francisco, as the details were considered rather high-flavored for public morals. Zechandler secured and published the testimony, and now he is also behind closed doors, being jailed by order of the Court.

ALL SORTS.

—The last Overland is a very readable number.
—Kate Castleton will probably pay us a visit before long.
—Geo. C. Thaxter went below last evening to the G. A. R.
—WANTED—A girl to do general housework. Apply at this office.
—Ben. Oleovich went below last evening to be gone several weeks.
—The youngsters are already stealing old iron and selling it to raise money for circus tickets.
—A great many Carson people are sliding out for the Bay to attend the G. A. R. Encampment.
—Bishop Whitaker will still be the ecclesiastical head of this Diocese while he lives in Pennsylvania.
—M. Cohn has cut \$20,000 worth of timothy hay on his ranch. This is the way to yank wealth out of the ground.

—“He’s the man for me,” remarked a tramp on the street yesterday. “He proposes to raise him and pull down the town!”

—The bald headed scribe of the Tribune complains of the Summer flies.

He should keep his hat on.

—The news is received from Portland that Otto Greenhood, formerly connected with this paper and the Mint is dying of consumption.

—Winnemucca is holding public meeting again having powder houses too near town. It’s late experience makes it afraid of a recurrence.

—A bill has been introduced in the California extra session appropriating \$49,500 for the pay of Legislators and attaches. A pretty good starter.

—The State Board of Agriculture offers premiums for every grade of cattle under the sun, except Holsteins. Perhaps they haven’t heard of that breed yet.

—Lost.—Between the Arlington Hotel and the Opera House, a ladies’ gold pin, sapphire stone, bug setting. The finder will be rewarded by leaving it at this office.

—There is still another small room on the upper floor of the APPEAL office which can be rented for a newspaper office. Some fonts of type and a make-up mallet thrown in.

—It is said that a San Francisco firm have rented Lilienfeld’s old store in Wells Fargo block and will introduce 5-cent beer schooners two feet high and a hot lunch at noon. Civilization seems to be advancing this way.

—The Post reporter was fired out of the Sacramento Legislature the other day for insinuating that there was coin floating about to influence legislation. Served him right for penning such sensational rumors. There may occasionally be a few twentys reeling about up here, but in Sacramento, never!

—The curative power of Ayer’s Sarsaparilla is to well known to require the specious aid of any exaggerated or fictitious certificate. Witnesses of its marvelous cures are today living in every city and hamlet of the land. Write for names if you want home evidence.

The most deadly foe to all malarial diseases is Ayer’s Aque Cure, a combination of vegetable ingredients only of which the most valuable is used in no other known preparation. This remedy is an absolute and certain specific, and succeeds when all other medicines fail. A cure is warranted.

—An express train stopped at Pittsfield a few days ago to let a passenger get off for a minute to kiss his wife, who happened to be in that town. As long as no train is permitted to stop in order to let a man kiss another fellow’s wife, no fault can be found with a railroad’s management for this sort of thing.

—Cholera, dysentery and diarrhea come with the Summer imprudence in fruit diet. Infection and sudden checks of perspiration cause these complaints. On the first symptom take four or five Brandreth Pills and drink plentifully of hot water and you are safe. If you wish to render the body a fortress against disease take one or two Brandreth Pills every night for ten days and thus remove from the bowels all irritating substance and purify the blood.

A SAD CASE.

The Wife of Ex-Sheriff Swift Hopelessly Insane.

For a few days past it has been a matter of common talk in the city that the wife of ex-Sheriff Swift had become insane. The newspapers of the city avoided mention of the fact out of regards for the feeling of the family and with a hope that her dementia was but of a temporary character. The intelligence however has crept into other papers in the neighboring towns and there is nothing gained by any further silence upon the matter.

Mrs. Swift showed signs of dementia about ten days ago but it was of so mild a type that her friends and relatives had every reason to hope of a speedy termination of the malady. She gradually became worse and presently claimed that she had received a communication from the spirits that Tremore Coffin owed her husband \$400. Mr. Swift says that no such debt ever existed.

She then became possessed of the idea that she was “Queen of the Earth” and that sacrifices must be made in her honor.

She even mentioned some of the neighbors children as proper subjects for the altar. At times she passed into a frenzy of madness and had to be closely watched day and night. It is claimed her troubles grew out of religious excitement and spiritual manifestations. It has been decided to send her to Stockton under the care of Dr. Clarke who is an old friend and school-mate of hers. She will be under private treatment in a room by herself where she can procure the best of treatment and professional skill.

Mr. Swift has the universal sympathy of the community in his own and wife’s misfortune.

Political Notes.

It is said that John Mackay is ordering a secret drift with a cooling station at the end, fixed up in the Con. Virginia, where he can put in the day to avoid the buzzings of politicians. He will attend to his regular business at night.

Rumor has it that Charlie Wallace and “Cleve” are arranging a political ramp for the Great East.

There is a lively row in prospect in Washoe county between the Pawning and Boardman factors over who shall be town Constable. The Senatorial fight is an after consideration.

When Winters wrote his letter of withdrawal he remarked: “Gettin’ the nomination is one thing, and that there certificate of election is another.”

Warren Sheridan is arranging to scoop all the wards of Virginia City, but he has not yet announced who for and how much it will take.

It is whispered that the new style of campaign sack for this Fall has a false bottom, warranted to deceive the elector.

Good Enough for Chicago.

The editor of the Chicago Daily Herald has been to the Sells Bros. Circus, and this is what he has got to say about it:

If there is one virtue above all others when found in a circus manager, that should be extolled to the skies, it is candor. That virtue is found in the Sells Brothers, who, strange as it may seem to those in the habit of reading circus literature, advertise merely what they have and exhibit exactly what they advertise. Their show now on the Lake Front, at the usual spot, is a unusually good one, and the people who pack the tents appear to think so.

The big show will be here on Friday, August 6th.

I. O. O. F. Installation.

Encampment No. 2, Carson City, installed the following officers, last night:

Eugene Pierce, G. P.; A. Livingston, S. G. P.; Max Aronson, H. P.; John D. Kersey, G. S.; George Tuffy, T.

Several Grand officers from Reno and Virginia City were present and took part in the banquet at the Ormsby House.

—Prof. McDonald who examined the editorial head in the sanctum said that there was a “lack of that element which enabled a man to collect close.” His advice was to cultivate a cold heart and relentless bosom. We shall start in on the 1st.

MACKAY’S WIRE.

It Will Reach California by Way of Canada.

NEW YORK, July 29.—Extensive connections are soon to be established between the lines of the Commercial Cable Company and the Canadian Pacific Telegraph Company. Work has begun which promises to furnish direct communications from Europe to the Pacific Coast and intermediate points. A wire will be run from Richford, just below the Canadian line in Vermont, to Montreal. The second connection is at Morristown, N. Y., from which a wire has been run across the St. Lawrence to Brockville, Canada, where it joins the Canadian Pacific. One line will run from St. Paul to Winnipeg, Manitoba, and another from Salt Lake to Medicine Hat station on the Canadian Pacific in British Columbia and run to San Francisco. At the office of the Commercial Cable Company Mr. Ward, Secretary, said yesterday that Mr. Mackay and several of his friends had personally undertaken the construction of this line. It will pass through Portland, Oregon, and Sacramento. The promised connection will pass over 4,000 miles of territory in addition to the distance traversed by the Canadian Pacific line. The work of construction will take about six months.

Chance for the Graphophone.

The graphophone, an improvement on Edison’s phonograph, is now a certain success. It is a machine which records anything spoken, and which reproduces it at will.

You simply turn a crank and the machine talks right out.

The machine is capable of many uses, and could be advantageously introduced into the Journalistic circles of Carson.

The editor could talk his opinions into the machine and then the carrier could go along the street in the morning or evening, (as the case might be) and by turning the crank enable patrons of the paper to know the editorial opinion. He could grind out the news, etc., to anybody he met. It would be an easy thing to turn the crank with one hand and collect with the other. Even the advertisements could be turned out of the machine, and then there would be no howl from the various patrons of the paper that they were not top of column on the local page, or next to reading matter.

The carriers of the various papers could march down street, in single file, turning out opinions, defamations, reformations, views and political endorsements as they passed, guarded of course by a strong force of police to keep back the mob.

Whenever a public speaker came to town, who did not want to hire a hall or brass band, he could cock and prime the machine with his views on public questions and send Clem Berry down Main street to deliver them.

Carson’s Delegation to the Encampment.

Several of the G. A. R. veterans have already gone to San Francisco; the balance will leave here on Saturday night, and Custer Post will be represented as follows in the grand parade next Tuesday:

H. F. Bartine, C. A. Brulin, C. A. Witherell, Geo. M. Sabine, C. J. Boskowitz, J. S. Cilly, W. H. Crisler, D. G. Calvert, J. W. Haynie, Geo. Hark, Henry Jenkins, D. H. Lentz, G. H. Meyers, J. B. Moore, Thos. P. Mosely, M. O’Hara, Marshal Robinson, H. C. White, G. A. Wilcox, P. A. Doyle, Geo. C. Thaxter, Geo. F. Ford, W. T. Hanford, S. Burke, Richard Fowler, W. T. Byrne and comrades Brann, Smart, Cleaver and Robinson from Mason Valley.

Charges Against California Supreme Court

Special to the APPEAL.]

SACRAMENTO, July 29.—Charges of incompetency preferred by D. S. Terry of Stockton, against Chief Justice Morrison and Justice Sharpstein of the State Supreme Court, owing to their illness were presented to the Legislature today and referred to Committees for consideration. The charges were accompanied by resolutions asking the removal of the Justices named.

WANTED—Active Agents to sell mining specialties big money in commission or salary and expenses to responsible men. Address, H. P. S. P. & M. Co. Box 115, Newport, Ky. 19281m

Reason it Out.

Suppose you are about to enter London, or some great metropolis. You are a stranger going there to buy goods for yourself or family. You will probably be reasoning in this wise.

“I do not know where to buy. I am unacquainted with any store. But I shall try and find the largest establishment. For where the most people choose to buy, there the general styles and assortments will be the most satisfactory and prices the lowest. It must be so, or else such a concern would not attract the largest trade. Still there is this difficulty: I do not know the value of all I wish to buy. I may be charged more for some things than other people, who are better posted on prices. Therefore, I shall be careful to ask if this largest establishment has a secret way of marking prices, permitting salesmen to charge me as much as they think I will pay, or whether its prices are put in plain figures, insuring me as much for my money as gets its most favored customers.

A parallel to the above is found in the fact that thousands of people, all over the Pacific Coast, are now looking to the large city merchants for their supplies, but do not know where, or how to send.

Will not the same course of reasoning hold good in both cases? If so, why not place your trade accordingly? DEAL WITH THE LARGEST ESTABLISHMENT.

The stock of our house includes nearly a hundred different lines of goods, and because its business methods have always afforded protection to inexperienced, or absent buyers, this, the eleventh year from the acorn, finds it a thriving oak of vast proportions, its trade reaching into every town and hamlet, from Montana to New Mexico.

What has thus grown to be a center of interest to so many thousands of buyers may be of DIRECT INTEREST to you.

If you send your name and address we will mail FREE a copy of our large Illustrated Catalogue. It gives full information about goods, styles and prices, and how to order. It is worth having as a book of reference, whether you choose to order goods of us or not.

Anything, to be worn anywhere, by any one, in any station in life, we keep. Goods not sent as ordered may be returned at our expense. Address.
